

Payor Services

Allzone provides its clients with personalized service, timely and accurate claims administration and a full range of related support functions. Our tailored claims administration includes Medical, Prescription, Dental, Vision, and Disability.

Allzone takes a comprehensive, well-structured, and expertly managed approach to every outsourced process we handle. Our professionals communicate clearly with all parties involved and continuously monitor and manage all of the issues that can affect the cost of a program. Through our experience in many different industries and in all aspects of business process outsourcing, we have developed an exemplary set of best practices for the day-to-day conduct of our business. They guide not only how we work with our clients, but also with all others involved. The result is cohesive, consistent service delivery from the first step in a process through ongoing management of a program.
